(to be confirmed at the meeting, Friday, the 18th)

Wildflower Shoot at Washington Park, Anacortes

This will be a good opportunity to get tips and ideas from observing each other's live photo techniques in the field.

The native spring wildflowers will include calypso orchids, fawn lilies, yellow camas, small-flowered collinsia, shooting stars, woodland star, and others.

Bring: macro equipment, as many of the flowers are very small.

Also bring your own food and beverage, as there are no stores or eateries close by.
